## Schoolmen Hotly Opposed To Single District Plan; County Board Gives Views

Adams County may eventually be one school district, according to discussion at Monday evening's meeting of the Adams County Board of School Directors at the office of the county superintendent of schools on Carlisle St., but the county board evidenced some doubt as to whether such a development would be of value to the county.

Assistant County Superintendent of Schools M. Francis Coulson, reporting on laws now being considered by the state legislature, noted that the assembly is attempting to recess next month and thus "the entire school situation can change almost overnight."

A governor's committee which studied the school situation in the state has recommended that school districts be forced to reorganize into units ranging from 5,000 to 12,000 pupils. The recommendation indicated that Adams County, under the plan, should be one school district instead of six. Legislation was submitted Monday which would force a reorganization which would make Adams — and similar counties — into one district per county.

### ASQUITH OPPOSED

Dean Asquith, Biglerville, was one of those opposed, saying such reorganization would "simplify the bookkeeping, but not help education generally." He also declared, "The bigger you make the districts, the farther away you get the administrators and the students become numbers just as they are in the big universities. In the local systems the supervision is close to the teachers and the supervisor can do a job of helping the teacher teach better."

Superintendent Clarence P. Keefer commented that the "danger is that administration gets further and further up the ladder and the local people just take orders."

Assistant Superintendent Coulson said nothing has been announced about how a county system would be administered but "even in a merger you are guaranteed at least one director from each district. I doubt very much if a county board governing a county system would have 33 directors — one from each district."

Asquith said that the schools are "cutting costs at the wrong place. Books and supplies are being cut in order to pay the mandated teachers' salaries."

### WARY OF CHANGES

"It is asinine to try to teach U.S. history in one course; we need at least two. The Problems of Democracy courses are not doing the job they should because we don't have enough new texts. What is needed is to scrap most

## CARAVAN CLUB TO BE SPENDING \$2 BILLS HERE

Two-dollar bills will be back in vogue here between now and July 5 as members of the Wally Byam Caravan Club begin a series of Gettysburg tours from their international rally headquarters in Hershey, Pa. Robert Mager, Murfreesboro, Tenn., president of the Pennsylvania unit and tour chairman for the rally, said that \$300,000 in two-dollar bills would be issued to Caravanners over the rally stay, July 1-5, an old custom of the Caravanners to make merchants aware of the economic impact of the travelers.

Mager said that approximately 1,500 to 2,000 persons will visit Gettysburg over the period of the fourth international rally of the Caravanners. Tour dates are June 28, 29, 30 and July 3 and 5. The Gettysburg all-day tours will get under way at 9-10-11 a.m. from Hershey and return about 5 or 5:30 p.m. Tickets will include bus transportation, luncheon at the Hotel Gettysburg pressroom, an escorted trip over the battlefield conducted by guides and a visit to the electric map. The first and second tours on the set days will have an opportunity to shop and sightsee.

### DISTINCTIVE GARBS

Once the rally gets under way, Mager expects over 5,000 people to appear in Hershey at the stadium where some 1,500 trailers will be parked. Caravanners will be distinctively garbed with blue

## MRS. STONER WILL DIRECT WARNER GROUP

Mrs. David Stoner was elected president of the Women's Auxiliary of the Annie Warner Hospital when it held its monthly meeting Wednesday afternoon at the hospital. Other officers elected were: secretary, Mrs. Robert Codori; treasurer, Mrs. M. C. Jones; first vice president, Mrs. Charles Alwine, New Oxford; second vice president, Mrs. Elmer Yoder, Biglerville. Officers will be installed at the September meeting. Chairman of the nominating committee was Mrs. Fred Pfeiffer, assisted by Mrs. Paul Spangler and Mrs. Monroe Dellinger.

Mrs. James Allison, president, presided at the meeting. After reading of the minutes by the secretary, Mrs. Robert Codori, the president recommended that all members receive a newsletter before the next meeting. The executive committee was empowered to select the place for the next meeting which will be the annual tea in September.

The president appointed an auditing committee to report at the next meeting: Mrs. Joseph Heiney, chairman; Mrs. Mark A. Eckert and Mrs. George Boehner.

### MRS. HARTZELL COMMENDED

The treasurer, Mrs. Howard Hartzell reported payment of \$1,000 on the pledge for the new surgical suite, snack bar profit for the month of \$399.82, and "Photo Babe" profit of \$120. Mrs. Hartzell was commended for her service as treasurer for the past six years.

Mrs. Fred Pfeiffer, chairman of the house committee, presented the guest speaker, Maxwell Barach, proprietor of the Red Schoolhouse Antique Shop. Barach gave a very interesting talk on the history of lamps and lighting devices. He began his talk by saying: "While the exact origin of the lamp is unknown, it goes back to primitive times. Lamps used 200 years ago were about the same as those used in primitive times. A wick in fat or grease was the earliest means of light. Then in colonial times, there were four items for means of

## HOFFMAN HAS HOME JUBILEE ON SATURDAY

The fifty-first anniversary of the Hoffman Home for Children, Littlestown R. D., was observed Saturday, with more than 200 friends and patrons in attendance. The anniversary program included guided tours by the children from 10:30 to 11:30 a.m., with members of Trinity Church, Hanover, serving as greeters. Refreshments were served by members of St. Mary's Church, Silver Run, and Trinity Church, Gettysburg, and bazaar items were in charge of the Ladies' Auxiliary Board.

From 11 a.m. to 1:30 p.m., dinners were served by Manchester Charge, Lazarus Church, Lineboro, Md.; St. Mark's, Snyder, Md.; and Trinity Church, Manchester, Md. From 12 to 1, there were organ music and meditation in the chapel, with Mrs. George A. Stonesifer, organist at Redeemer's Church, Littlestown, presiding at the console.

A concert was presented by the Gettysburg Junior High School band in the oval from 1 to 2 p.m. From 2 to 3 p.m., there were pony rides and refreshments for all of the children, courtesy Ralph Knox, Taneytown, and supervision was provided for the children by Trinity Church, Hanover.

The 51st anniversary service was held from 2 to 3 p.m. in the chapel, and included: Prelude; hymn, "Glorious Things of Thee Are Spoken"; invocation by the Rev. James W. Moyer, president of Mercersburg Synod, who presided for the service; responsive

### SEEKS DIVORCE

Sherald Dean Boyles, Gettysburg R. 5, is seeking a divorce from Alfred Lee Boyles, U. S. Naval Air Station, Anacostia, D. C., according to a complaint filed for Mrs. Boyles by Attorney Gerald R. Walmer in the prothonotary's office. The couple wed December 22, 1959, in Sparta, N. C. Cruel and barbarous treatment and indignities are charged.

## John Duttera Is Hurt In Accident

John F. Duttera, Jr., 18, 121 Lincolnway East, New Oxford, was taken to the Warner Hospital with multiple body bruises and a head injury Monday evening about 6:30 o'clock when his 1954 Ford collided with a tractor trailer 3 1/2 miles east of Gettysburg.

Duttera was going west on Rt. 30 when his car collided with the Pensum tractor-trailer driven by George W. Leeds, 45, Lancaster, and traveling east. The cars sideswiped and the Duttera Ford was demolished. Damage to the tractor-trailer was estimated at \$250.

State police are continuing the investigation.

## BURGESS TO BAN BURNING OF TRASH HERE

Burgess Wilbur L. Plank Monday evening announced that as of August 1 he plans to ban all burning of trash in the borough and will begin taking action against structures that are unsafe or unsanitary.

Called upon to speak at a Rotary Club meeting in the YWCA following presentation of a report on the town's sanitary situation by Councilwoman Mrs. James Schwenk and Sanitarian Jack Libby, the burgess said he plans to implement the recommendations of the sanitation study starting August 1, acting under various state and local laws passed over the years.

No. 1 in the list of general recommendations by the sanitation survey is that "backyard burning should be prohibited."

Burgess Plank said he plans to ban the bonfires and fires in open can or other open incinerators starting August 1 under Act 787 of the Commonwealth of Pennsylvania and under the nuisance ordinance of the borough. The town does not have a specific ordinance banning bonfires, but Burgess Plank said he believed such an ordinance will be before council for consideration, possibly at its meeting Monday evening.

The burgess also indicated that efforts to keep people from burning garbage along with other trash have not proven very successful and as a result "all bonfires must go." Bonfires, even without garbage, also provide a nuisance in that the smoke helps pollute the atmosphere and the fires themselves constitute an additional fire hazard.

Burgess Plank also announced plans to move against animal shelters, old barns, etc., that are constituting a sanitation or safety problem. The burgess said that he has power to act against such

## Fairfield Amvet Team Wins Honor

The honor guard and firing squad of the Fairfield Amvets post are now the state champion Amvet drill team.

The members won the honor Saturday at the annual state convention parade held by the Amvets at Reading with 35 similar teams from throughout the state taking part.

In addition to the members of the post in parade, seven members of the Auxiliary of the Fairfield Post were among an honor guard of auxiliary members for the state auxiliary president.

Rehabilitation for the mentally ill was among programs urged at the convention, George Leadner, former governor of the state, was the speaker on the need for additional work in that field. The state group also passed resolutions urging federal investigation of various "patriotic groups." The Fairfield Amvets won a sixth place trophy in a membership contest.

## Elks Give O.K. To Home Renovations

Improvements and alterations to the dining room and ladies' lounge expected to cost approximately \$10,000, were approved at a meeting of the Gettysburg Elks Monday evening.

The renovations are expected to be completed before the statewide Elks workshop to be held at the local lodge September 8 and 9.

Three new members were initiated into the lodge membership by the degree team during Monday's meeting.

### DEMONSTRATION DAY

Demonstration Day for the Adams County 4-H clubs will be held Wednesday, July 5, at the Biglerville School. The agricultural demonstrations will be held from 1:30 p.m. and the home economics demonstrations, in charge of Miss Teresa Murren, McSherrystown, and Miss Helen Rex, Biglerville, will be held at 7:30 p.m.

## SURGERY FUND IS \$222,940 AS END NEARS

With the announcement of additional subscriptions amounting to \$10,617, the Warner Hospital Surgical Floor Fund Monday reached a new total of \$222,940 and continued to move toward its goal of \$350,000.

The new subscriptions were made known at the third report meeting of the fund's general public campaign, held at Hotel Gettysburg Press Room. The amount added to the fund was the largest reported at any of the meetings so far.

The Gettysburg women led by Mrs. John D. Teeter announced new subscriptions amounting to \$5,176, bringing their total to \$10,139.

### OTHER TOTALS

Gettysburg men with S. M. Rafensperger, chairman, brought in \$835 in additional contributions, raising its total to \$4,610.

The volunteers from communities other than Gettysburg turned in \$4,606, making a total of \$9,565 for the Allied Towns group to date.

Among the Gettysburg Women's group the best record up to now is that of Division II commanded by Mrs. Roy W. Gifford. It has obtained 119 subscriptions totaling \$5,156. The leading women's team is Walter B. Dillon, with 37 for \$2,060.

## Ike Has Ball At Hershey GOP Welcome, Takes Dim View Of Kennedy Program

By ARTHUR EDSON

HERSHEY, Pa. (AP)—The nice thing about being president is what happens once you get out of office.

A big "welcome home" party was held for Dwight D. Eisenhower Monday night. During it the former president gave glimpses of an Eisenhower no one saw, or even suspected, during his eight years in the White House.

Who would have thought that Eisenhower, so long hovered over by Secret Service men, would give out autographs so generously that admirers would jam about him until it looked like a junior grade mob scene?

### SINGS PARODY

Or that he would leap nimbly to his feet and, along with former Vice President Richard M. Nixon, join a male chorus in singing a parody, "Jack the Knife," mildly poking fun at President Kennedy? Or that he would have Negro waiters line up for him to shake hands in a personal demonstra-

## Breaks Arm In Fall From Horse

Joan Taylor, 15, daughter of Mr. and Mrs. Lester Taylor, Aspers, was treated Monday at the Warner Hospital for a fractured arm suffered when she fell from a horse.

Joseph Hill, 10, son of Mr. and Mrs. Cloyd Hill, R. 6, received treatment Monday for a laceration of the scalp sustained when he bumped his head on a light meter.

## DR. O'NEAL TO BE INTERRED IN EVERGREEN

Funeral services for Dr. Alexander Hay O'Neal Sr., 79, retired physician, and former resident of Gettysburg, who died Sunday at the Bryn Mawr Hospital, will be held Wednesday afternoon at 2 o'clock at his home, "Faulcon Manor," Lyndell, Chester County.

Interment will be made Thursday at Evergreen Cemetery here at 2 p.m. with the Rev. J. Harold Mowen, Episcopal rector here, officiating.

Son of Dr. Walter H. O'Neal and grandson of Dr. John W. C. O'Neal, both Gettysburg physicians for many years, he resided here until his graduation from Gettysburg College in 1901.

His grandfather, a native of Virginia, moved to Gettysburg in 1863 and served as a surgeon for the U. S. Army among the wounded in the Battle of Gettysburg and continued as a physician here until his death in 1913. He was one of the founders of the Adams County Medical Society and its first treasurer and was one of the Board of Commissioners of Public Charity for Pennsylvania for a quarter century.

### ON BRYN MAWR STAFF

His father, Dr. Walter H. O'Neal, was a physician here from 1871 to 1878 and again from 1914 to 1927 and served as president of the Gettysburg Water Company for more than 20 years. A native of Parsons, Dr. Alexander O'Neal returned with his

## NEW OFFICERS INSTALLED BY LOCAL LIONS

New officers to lead the Gettysburg Lions Club, headed by President David C. Blosser III, were installed at the weekly dinner meeting of the club Monday evening at the VFW home with International Counselor James Heilman of Hellam in charge of the induction ceremony.

The other officers for the year that begins July 1 are: First vice president, Kenneth Dengler; second vice president, Sterling Musselman; third vice president, Attorney S. M. Rafensperger; secretary, Harold Ecker; treasurer, J. Herbert Weikert; tail twister, John Basehore; assistant, Elmer Johnson; Lion tamer, Adrian Martin; assistant, Jack Oyler; and directors, Dr. Gerald Doo, Dr. James Gregg and Lloyd R. Hartman.

The retiring president, Richard A. Folkenroth, presented the president's pin to Blosser, who in turn handed him a past president's emblem.

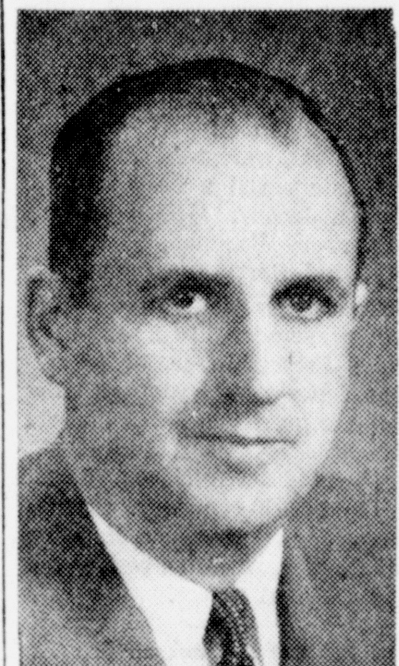

### SERVICE AWARDS

Earlier in the evening "old monarch" chevrons and certificates were presented to these Lions by Mr. Heilman: Ten years' service, President Folkenroth; 15 years, Fred Sanders, J. Herbert Ray-

## PAI ELECTS J. A. HAUSER, M. E. KNOUSE

John A. Hauser, president of the C. H. Musselman Company, Biglerville, and retiring president of Processed Apples Institute, Inc., was elected vice president of PAI

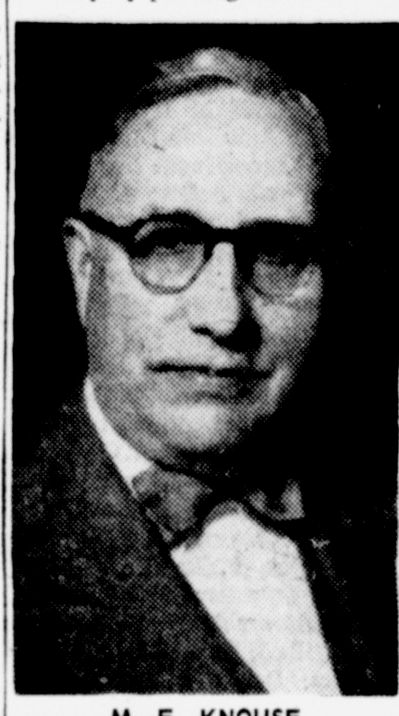

JOHN A. HAUSER

at the tenth annual meeting of the group Friday at The Greenbrier, White Sulphur Springs, W. Va.

M. E. Knouse, president, Knoose Foods Cooperative, Inc., Peach Glen, was elected to the board of directors.

In his address at the meeting, Hauser illustrated the importance of processing to the entire apple industry by pointing out that while

M. E. KNOUSE

the fresh apple market has declined 11 per cent during the past ten years and per capita consumption of apples in any form has declined 26 per cent, consumption of canned apple sauce increased 111 per cent, apple juice 161 per cent and sliced apples 34 per cent.

"The statistics provided by the National Canners Association, showing increase in consumption of apple products during the past ten years are irrefutable," Hauser said. "Above all they are proof that processors and individual concerns, and collectively Processed Apples Institute are doing a job — and I can't resist adding, 'without government aid.'"

### FUTURE OF INDUSTRY

In projecting his thinking for the future of the apple industry, Hauser cited the interdependence of growers, suppliers, retailers and processors. "If we are going to make any progress, we, as processors, along with growers, retailers and others, must face a basic fact: We must realize our stake is in the entire apple crop, whether the apples are sold as fresh, frozen, dried or canned."

"To maintain a profitable market,"

### MASON FREE ON BOND

Dayton Mason, Gettysburg R. 3, was arrested by state police and arraigned before Justice of the Peace Anna E. Thompson Monday afternoon on a morals charge, assault and battery and corrupting the morals of a youth. He pleaded not guilty and posted \$1,000 bond for a hearing Thursday afternoon at 2 o'clock. The offense was allegedly committed about 9 o'clock Sunday morning.

## Propose "Blue Gray Highway"

HARRISBURG (AP) — A resolution calling on Gov. Lawrence and the Highways Department to designate U.S. 15 in Pennsylvania the "Blue and Gray Highway" was approved Monday by the House Rules Committee.

The resolution was sent to the full House for its consideration.

The highway runs through central Pennsylvania from the Maryland line below Gettysburg to New York state at Lawrenceville, Tioga County.

It was a major route for both Union and Confederate armies during the Civil War battle at Gettysburg.

## FIREMEN WILL AWARD \$1,200 IN PRIZES FOR JULY 6 PARADE

A total of \$1,200 in prizes will be awarded Thursday, July 6, to participants in the annual parade to be held by the Gettysburg Fire Department as part of the observance of the 98th Anniversary of the Battle of Gettysburg.

As announced by Chairman Harold A. Dayhoff, \$370 in 10 awards will be presented for floats; \$350 will go in four prizes to drum corps, \$150 in three prizes to bands, \$75 in two prizes to best appearing fire company auxiliaries, \$150 in three prizes to best appearing fire companies with 35 or more men in line and \$75 will go in five awards to juvenile participants.

The parade will form in the Meade School area at 6:30 o'clock on the night of July 6 and move at 7:30 o'clock. The prizes will be awarded at the carnival grounds following the parade.

### FLOAT PRIZES

Of the prizes for floats, \$185 will be given in five prizes for those with historical or Fourth of July themes; and a similar amount in the same number of prizes will go for floats judged on beauty and originality.

The prizes for floats—duplicated in each division, are: first, \$75; second, \$50; third, \$25; fourth, \$20, and fifth, \$15.

Drum corps prizes will be \$125, \$100, \$75 and \$50. Band prizes, \$75, \$50 and \$25; prizes for best appearing marching unit other than a fire company will be \$50 first and \$25 second.

Awards for the best appearing juvenile units include \$25 first; \$20 second, \$15 third; \$10 fourth and \$5 fifth.

The prizes for the best appearing fire companies with 35 or more in line are \$75 first, \$50 second and \$25 third. The awards for the best appearing fire company auxiliaries are \$50 first and \$25 second.

## LAND TAXED IN 2 TOWNSHIPS RAISES ISSUE

Straban Twp. school directors at their final meeting for the fiscal year Monday evening went over Tax Collector Donald Rhodes' requests for exonerations and voted a final \$4,000 payment to the Gettysburg Joint School District for the year ending July 1.

The board refused to exonerate Mr. Rhodes from responsibility to collect the 1960 school taxes from John J. Reimer, who paid his taxes in Mt. Pleasant Twp., although his property near the Mt. Pleasant Twp. line lies in Straban, according to information furnished the board.

It developed that the confusion resulted when the county tax assessor's office listed the Reimer property in both Mt. Pleasant and Straban Twp. The Mt. Pleasant Twp. notices arrived first and Mr. Reimer paid his taxes there and notified Rhodes that taxes on the property are paid. Rhodes was asking exonerations on the Reimer levy.

### SAME FOR '61 TAX

When the Straban board refused to exonerate Rhodes, he said he will go to the county assessor with the suggestion that Mt. Pleasant school district be asked to refund the taxes on the Straban property.

Directors said one reason they took the action in refusing the exonerations is that the same situation

## STATE POLICE INVESTIGATING 3 BURGLARIES

State police at noon returned from joining East Berlin Police Chief John H. Bechtel in investigation of burglaries of East Berlin VFW Post 8806 and the East Berlin Garment Co. and this afternoon began investigation of a reported burglary at the home of Mrs. Melvin Chapman, Gettysburg R. 2.

Police said, just before leaving for the Chapman home along the Bull Frog Rd., that they understood an Ohio licensed car had burned near the Chapman home and another car was stolen, apparently about the same time the burglary occurred.

At East Berlin Chief Bechtel was called this morning by Ruth C. Broadbeck, an employee at the East Berlin Garment Co. The first worker to report at the plant owned by Julius Bernstein, York, she found burglars had broken in the rear door of the structure by removing a pane of glass from a window. Police said the intruders had carefully removed the pane by cutting away the molding. They then reached in and unlocked the door. From a refrigerator near the rear door they removed two quarts of milk and a large quantity of candy.

### MODEL DRESSES STOLEN

They then went to the office and removed four dresses kept there as models for sales purposes. One was a blue print, size 10, with an attached lace apron; another was a size three dress with green and white stripes; another was a size four white dress with a sailor collar attached and with rick-rack trimmed in blue. The fourth was a size six dress, blue with white lace over it in various designs.

The burglars opened a small cabinet in the garment company office but found no cash there, nor did they find any cash in locked drawers they pried open. The burglars, police said, "ransacked the office generally."

Chief Bechtel later discovered the theft at the VFW. There the intruders had removed a nine-foot 18-inch high window which

## BILL PERMITS EXPENDITURE FOR ENGINES

Township supervisors may now allocate funds for purchase of fire engines and may levy taxes up to two mills to help pay for construction of fire houses, the Adams County Volunteer Firemen's Association was told at its meeting Monday evening at Greenmont. Bernard V. Miller Sr., chief of the Barlow Fire Company, phoned to the group details from the bill recently signed by Governor Lawrence permitting the expenditures by the townships.

## "MISS ADAMS ELECTRIC" IS BEING SOUGHT

Adams Electric Cooperative is going to participate in the national contest for "Miss REA of 1962." Any girl who resides at an address served by Adams Electric and is single and between the ages of 18 and 22 is encouraged to enter this contest.

There will be an elimination contest with the crowning of "Miss Adams Electric" at the Shippensburg Fair in Shippensburg on Thursday evening, July 27, at 9 o'clock. This event will be preceded by a parade through Shippensburg at 9 o'clock. The parade will consist of floats and displays of farming equipment, led by the float of contestants.

The girl to be chosen "Miss Adams Electric" will become eligible to be "Miss Pennsylvania." If she takes the title of "Miss Pennsylvania," she will then be eligible to compete at the regular NRECA annual convention with contestants from other states for the title of "Miss REA of 1962." This convention will be held in March of 1962 at Atlantic City.

The point system on which the girls will be judged is as follows: Figure, 25; posture, 10; charm, 15; face, 25; grace, 5; grooming, 10; past achievements, 5; and talent or domestic ability, 5.

Application blanks can be gotten from the Gettysburg office. The application blank must be filled out and returned to the Gettysburg office. A picture also must be sent. All entries should be in the Gettysburg office by July 15.

## Carry Patient Down Round Top

Gettysburg ambulance crew members had their longest "haul" from patient to ambulance Saturday morning at 11:55 o'clock.

Thomas Gormley and Ray Breighner, the ambulance corps members responding to a call on Round Top, found Raymond Jenkins, New Castle, had become ill close to the tower atop Big Round Top. Aided by park rangers, they moved the 6-foot-2, 240-pound patient by stretcher down the lengthy path leading from the road to the tower before transferring him to the ambulance for transportation to the Waner Hospital.

### NO SENATE PLANS

Eisenhower also was quoted by Ken. Hugh Scott, R-Pa., as saying he had a lot of plans for his life from now on and they didn't include the Senate. There had been some reports that the former president might be sought to run for the Pennsylvania Senate seat now held by Democrat Joseph S. Clark.

But while Eisenhower went about his chores relaxed and folksy, Nixon was businesslike as usual.

Nixon returned to a theme he used when he first broke his self-imposed silence on the Kennedy administration more than a month ago.

### NIXON'S THESIS

Nixon's thesis: that Kennedy has failed in foreign affairs because he has been "talking big and acting little."

"We never had an administration," Nixon said, "that talked more courageously and eloquently and acted more timidly than the one we have today."

This, Nixon insisted, encourages the Soviet Union's Nikita Khrushchev.

### REDS MORE ARROGANT

"Today we find Mr. Khrushchev is more arrogant, more cocky and more belligerent," Nixon said.

He got a big hand from the 1,500 diners when he added: "The eight years of Dwight Eisenhower were successful in keeping the peace, and keeping it without surrender of principle."

But mostly this was like an overgrown — and overly plush — neighborhood party.

Eisenhower was given a bust of himself.

Mrs. Eisenhower studied the bronze critically and then said: "It looks like he's got a lot of hair."

Eisenhower laughed so heartily that the place where his hair used to be got very red.

## NAME POWELL VET ADJUTANT

Walter O. Powell, Gettysburg R. 2, was appointed adjutant of the Allied Veterans Council of Adams County and elected its secretary at the council's meeting Monday evening at the Biglerville American Legion Post.

Powell was named to replace John Staub, Gettysburg, who had held both posts. Staub resigned because his employment requires him to attend school in Alabama for a period of time.

Preliminary plans were made for the annual Veterans Day program, to be sponsored this year by the Allied Veterans Council. John Weber, of the Fairfield Amvets, was appointed to meet with the county commissioners to determine if the county can aid in the proposed program. Plans were also made to work through the Chambers of Commerce and borough councils in the various communities of the county to seek a general display of the flag on Veterans Day in every community of the county.

### LEGAL HOLIDAY

In line with the council's hope to increase observance of Veterans Day as a holiday, the council decided to seek support of various veterans groups in backing efforts to have the state declare Veterans Day a legal holiday.

A committee comprising John Denisar, Biglerville; Ira Bollman, Gettysburg, and John Baker, East Berlin, was named by Commander Patrick McDermitt to study the possibility of naming a county service officer to serve all veterans of the county.

Preliminary plans were discussed for the establishment of a county "honor guard pool" from which men could be drawn for service at funerals of veterans throughout the county.

The next meeting of the council will be held July 24 at the McSherrytown Catholic War Veterans.

## New Oxford Lions To Be Installed

of the texts and buy new ones. We should spend 10 per cent more per year each year for the next 10 years to get the books we need for our students, and instead we keep cutting amounts spent for textbooks. A high school chemistry student should have six textbooks and he now has one available to him."

The county board also looked warily at proposals of the state to change the reimbursement basis. Coulson said: "The new proposal to the base the reimbursement on the salaries paid the teachers looks good, but holds dangers. An old, wealthy school district, where most of the teachers have been teaching for a number of years and thus are commanding the higher salaries, would receive more from the state than the rapidly expanding school system which has had to vastly increase its faculty in recent years and thus has most of the teachers at the lower end of the wage scale."

"In a word, the rich would get richer and the poor poorer under such a system. It would mean that the stabilized, wealthy school system would receive ever increasing amounts with which it could hire away any good teachers the poorer school system would get. As a result, the expanding system would be constantly hiring the young teachers, which is all it could afford, and as a result get the lower reimbursement despite the fact that it is the one that needs the money because of its expansion. Gettysburg, as an example, would be among the districts penalized because it has rapidly expanded in the last several years."

## LAND TAXED IN

(Continued From Page 1)

uation already exists on 1961 taxes. The county assessor again listed the property in both townships and again Reimer has paid his taxes to Mt. Pleasant Twp. Rhodes quoted Reimer as saying "he didn't care which place he paid the taxes." The 1960 tax was about \$215 and the '61 bill is larger.

Several hundred exonerations were granted Rhodes on errors, duplications and in cases where persons on the tax list are deceased or have moved from the district some time ago. Several names were of persons who apparently never had lived in the township but whose names had been included in the tax list from the assessor's office.

A new bus contract with Paul Metz, R. 6, was approved by the board.

The meeting was held at the home of the secretary, O. H. Wilson, with President Ralph W. Guise presiding. All members excepting Herbert Bye attended. Mr. Bye was unable to attend because of illness.

## "White Clovers" Will Help Vets

Funds from the Amvet "White Clover" sale which will be held on Gettysburg on July 4 by the Fairfield Amvets and Auxiliary will be used to aid hospitalized veterans, orphans, servicemen, needy families, disaster victims and youth programs.

Permission for the sale was given last week by Burgess Wilbur L. Plank, who issued a proclamation declaring July 4 as "White Clover Day."

With its slogan "Think of me," the Amvets White Clover salesmen hope to keep alive the remembrance that the fight for freedom entails misery, privation and death and that there are many widows and children of servicemen in need of aid.

Through this activity the Fairfield group hopes to carry on worthwhile community service.

The organization chose the "White Clover" symbol, because traditionally flowers have been associated with war—the red and white roses with the War of the Roses and the poppy with World War I.

Frank Lowe, post commander; Raymond Miller, first vice commander, and Faye Baker, president of the auxiliary, are directing the sale.

WOMAN'S CLUB  
WILL OBSERVE  
ANNIVERSARY

The Woman's Community Club of Littlestown and vicinity will observe the 30th anniversary of its organization at the meeting on Wednesday at 7:45 p.m. in the social room of the Eagles' Home, W. King St. Mrs. Florence Moran will entertain. The June program is in charge of the Peace Service Committee, Mrs. Emory C. Gitt, chairman. The hostesses will be the members of the Legislation and Citizenship Committee, Mrs. Harry T. Harner, chairman.

The councilmen of St. Paul's Lutheran Church and their families will have a picnic in the pavilion in the rear of the church, Wednesday evening at 6 o'clock. The monthly business meeting of the council will follow the picnic. The business is being held one week early due to the July 4 vacations.

Donald Eisenhart, son of Mr. and Mrs. Donald J. Eisenhart, Hagerstown, former residents of the community, and grandson of Mr. and Mrs. Charles W. Randall, 130 Lumber St., has been accepted as a student at Pontifical College Josephinum, Worthington, Ohio, where he will continue his studies in preparation for his candidacy for the priesthood of the Holy Roman Catholic Church. He received his first four years of primary education at St. Aloysius Parochial School in Littlestown, and the family then moved to Gettysburg, Scranton and Hagerstown.

## AT DIOCESAN MEETING

Mr. and Mrs. Ralph Bowers, Boyer St., have returned home after spending the weekend in Orefield. Mrs. Laura Frantz, formerly of the community, daughter of the late Mr. and Mrs. John Dutterer, died on Thursday at the age of 83 years, at the home of her son and daughter-in-law, Mr. and Mrs. Carl K. Frantz, Orefield. Funeral services and burial took place on Monday in Northampton.

John R. Rudisill, E. Myrtle St., vice president of the newly formed Conewago Deacons of Holy Name Societies, attended the first annual meeting of the Diocesan Union of Holy Name Societies in Harrisburg on Sunday.

Mrs. George Shultz Jr. will be program leader at the monthly meeting of the Women's Missionary Society of St. Luke's Union Church, near White Hall, on Wednesday, 8 p.m., at the church.

## FISHING CONTEST

Thirty-three Cub Scouts of Pack 84 enjoyed their annual fishing contest on Saturday. The Cubs, accompanied by Cubmaster Alvah L. Stonestier, leaders Leslie Shinnham and Richard D. Thomas, den chief Larry Altoff and a number of den fathers, hiked from the community center to the pond, "Yonder-Acres," the J. Leslie Yohn farm, near town. Prizes in the fishing contest were awarded as follows: For the biggest fish caught, William Sheely, received a spinning rod and reel; first fish caught, Richard Thomas Jr., a casting rod and reel; most fish, Terry Shinnham, received a creel. Each boy took his own box lunch.

The next Cub Pack event will be the annual overnight hike on Friday, July 21. The boys will leave at 6 p.m. from the community center. Each boy will take his mess kit and a bedroll. Breakfast will be served on Saturday morning and the group will return to town about 10 a.m.

The annual soap box derby will be held on Sunday, July 30, at 2 p.m. at a place to be announced by the pack officials.

200 Guests Hear  
Home Programs

More than 200 attended the "open house" Saturday afternoon at the new Adams County Home. Ronald Ditzler, Gettysburg, provided piano selections during the first hour of the program. During the second hour the "Harbor Lighters," comprising Francis Snyder, Clair Meckley, Ronald Weigle and William Taylor, presented orchestra music. A number of the guests danced to the music and plans were made immediately for the "Harbor Lighters" to appear at a later date to again play for the guests. The group said it will appear from 6 to 9 evenings when it has other engagements in this area.

Mrs. Edna Kuhn was chairman for the refreshment committee from the County Home Auxiliary. It was announced during the gathering that the covered dish picnic originally scheduled by the auxiliary for Caledonia Park in August will be held instead Tuesday, July 11, at noon at the Caledonia Park.

## TO ELIMINATE RATS

The sanitation survey conducted last year by the state health department for the borough showed that only 65 per cent of the residents of the borough subscribe

to the meeting with which the campaign is scheduled to close. It will be held at Hotel Gettysburg Press Room at 7:30 o'clock that night.

GAS TAX FORMS  
BEING MAILED

Today, the state Board of Finance and Revenue will mail almost 47,000 applications for reimbursement on liquid fuel tax to the farmers of Pennsylvania. These forms cover the fiscal year, July 1, 1960, to June 30, 1961, and they involve different rates of tax.

For the period beginning July 1, 1960, and ending March 31, 1961, the rate was five cents per gallon while for the period beginning April 1 and ending June 30 of this year, the rate involved was seven cents per gallon.

Thus the farmers will have to break up their purchases into two periods and show that the gasoline was used in nonlicensed vehicles or in licensed tractors in the production of agricultural products.

The application forms are simple and are set out on punched IBM cards and addressed to each individual farmer. A farmer must fill out the form, answer the few questions, enclose his receipts and return the form no later than September 30, 1961. The statute specifies that forms returned after that deadline shall not be considered.

Last year's program involved the reimbursement of almost \$3,000,000 to 35,300 individuals. Several claims were delayed because the farmers involved did not sign the card or were late in mailing or neglected to answer the few questions which the statute requires.

The state board advised Assemblyman Francis Worley of the mailing date for the application and asked him to make the general information available to Adams County farmers.

## CARAVAN CLUB

(Continued From Page 1)

Wally Byam berets, bib overalls and summer shirts for the men and old-fashioned dresses and bonnets for the women.

The Byam trailers, named after their designer, a former aircraft engineer, are identical except in size. Anodized aluminum and shaped like an overgrown cigar, they range in size from 16 to 20 feet and in cost from \$4,000 to \$7,000. Mager emphasized that these are not mobile homes but travel trailers meant for vacation trips through the United States, Mexico, Canada, etc. Next year the group hopes to arrange a round-the-world jaunt.

Most of the Caravanners are businessmen on a junket with their families. Mager, the son of Gus Mager, the comic strip artist, is in the publishing business. His companion, Russ Clements, Pittsburgh, Pa., is a retired school teacher. Like most of their companions, they travel for the "kicks." Many of the travelers are in their 60's.

## PLAN OTHER TOURS

The trailers travel well at good speed and are completely self-contained—equipped with water, gas, electrical units and septic tanks. At Hershey it is estimated that the power company will need one-quarter of the power generally used for city operation to service the trailers. All the owners are responsible citizens seeking pleasure in traveling.

In addition to the Gettysburg tour, plans have been made for a Strasburg railroad tour, a Roadside America tour in Pennsylvania Dutch country and a visit to the Hershey chocolate factory. Duke Ellington will play the installation ball at Hershey. There will be a "teen queen" contest, a square dance contest and many other activities. Between tours the Caravanners will elect their new officers. Present national president is Aubrey Lyon of California.

The Caravanners have regular meetings yearly in Florida in mid-winter and in California in the fall. Then they have the annual summer junket.

The trailers are built in two factories in Jackson Center, O., and Los Angeles.

to a garbage removal service. "The remaining 35 per cent produce an approximately 1,100 tons of refuse a year which is disposed of on their property by burning or along the highways by roadside dumping," according to the report read by Mrs. Schwenk at the meeting.

Banning of burning and cleaning up of unsanitary animal shelters and other structures is designed also to help rid the town of rats. A rat needs only one ounce of food per day to survive, according to the reports by Libby and Mrs. Schwenk at the meeting. They and the burgess held that the amount of edible food left by most bon fires in which garbage is burned in general provides sufficient food for many rats. In addition improper storage of garbage and trash awaiting removal by the garbage trucks provide food enough through the town for a large number of rats, they said.

CALCUTTA, India (AP)—About 3,000 refugees from East Pakistan rioted Monday night in protest against government plans to resettle them in regions outside Bengal. Police quelled the outbreak with gunfire after tear gas proved ineffective. They said four persons were killed and 75 injured.

ATO Conference  
Held On Campus

The trustees committee of the House Association of the Alpha Tau Omega Fraternity, held its sixth annual summer conference at the fraternity house on the college campus Saturday and Sunday.

Those in attendance were Chairman Joseph Erb and William Marks of Lancaster; Chester Creutzburg, Ordell, N. J.; Arthur Sipe, Dallas Brubaker and Clarence Raby, of Philadelphia; Richard Garrett and Lynne Marks of Lancaster; Luther Ritter, Littlestown; Dr. John Zinn, Robert Fryling and William Richardson, Gettysburg; and B. E. Berry, Washington, D. C.

On Sunday morning the members and ladies attended services at St. James Lutheran Church where Dr. Paul Reaser, a member of the fraternity, is pastor. The group was quartered in the fraternity house over the weekend.

## Weddings

Cromer—Ferster

Miss Janice Lorraine Ferster, daughter of Mr. and Mrs. H. Vernon Ferster, Hanover, became the bride of Douglas Eugene Cromer, son of Mr. and Mrs. Lester E. Cromer, Hanover, Saturday at 2:30 p.m. at Trinity United Church of Christ, Hanover, in a double ceremony conducted by the Rev. Dr. Howard E. Sheely. The couple will reside at Apartment B-5, Lutheran Theological Seminary, Mrs. Cromer is a 1957 graduate of Hanover High School, and was graduated this year from Elizabethtown College with a Bachelor of Science degree in elementary education. In September she will assume the position of first grade teacher at Conewago Twp. Elementary School. Mr. Cromer is also a 1957 graduate of the Hanover High School and a 1961 graduate of Elizabethtown College, majoring in sociology. He is employed by Penn Mar Supply Co. He will enter the Lutheran Seminary in September in preparation for the ministry.

Price—Dick

Miss Barbara Dick, daughter of Mr. and Mrs. Crawford Dick, Fairfield R. 2, became the bride of Cecil Price, son of Mrs. Wilford Price, in St. Mary's Lutheran Church, Silver Run, Saturday, at 3:30 p.m. The double ceremony was performed by Rev. Lloyd H. Seiler. The church was decorated with white asters, snapdragons and bachelor buttons.

The bride was attired in a pale violet dress with a white hat and white accessories. She wore a corsage of white asters.

The matron of honor, Mrs. Hester Stapleton, Kingsdale, was attired in a white dress with matching accessories. The best man, Charles Stapleton, Kingsdale, is the groom's brother-in-law.

A reception was held at the Stapleton home for 16 guests. The couple will reside at the groom's home, Fairfield R. 2.

The groom is presently employed as a moulder at the Littlestown Hardware and Foundry.

140 CHILDREN  
ACCEPT AWARD

Closing exercises for the Upper Meridian Lutheran Church Daily Vacation Church School were held Sunday in the church school room. One hundred forty children participated in the school and received certificates at the Sunday ceremonies.

The vacation church school staff included Rev. Douglas Boden, James Beam, Joseph Miller, Lloyd Brough Jr., Mrs. Glenn Murray, Miss Elaine Noll and Miss Linda Slusser.

There were 14 children in the Nursery Department with 13 teachers. The teachers were Mrs. Alma Mohn, Mrs. Julia Murray, Mrs. Norma Nailor, Mrs. Marian Paxtor, Mrs. Edna Shultz, Mrs. Pauline Weidner, Miss Marian Hoffman, Miss Paulette Slusser, Mrs. Evelyn Cline, Mrs. Josephine Laird, Mrs. Iona Smith, Mrs. Rosemary Sweitzer and Miss Linda Helman.

## BEGINNERS DEPARTMENT

Sixteen children in the Beginners Department were taught by Mrs. Dorothy Beam, Mrs. Janet May, Mrs. Geraldine McElwee and Miss Martha Shelleman. The 20 children in the Primary I Department were taught by Mrs. Grace Garretson, Mrs. Ruth Beam, Mrs. Miriam Sowers, Mrs. Naomi Gardner and Miss Karlene Hall.

Primary II children were taught by Mrs. Marie Smith, Mrs. Eunice Boden, Mrs. Olive Miller, Mrs. Nancy Bream, and Miss Martha Hikes. Twenty-two Junior Department children were taught by Mrs. Jane Beam, Mrs. Romaine Shelleman, Norma Smyers and Mary Ann Weidner.

Fifteen teen-age children were taught by Mrs. Nellie Beam, Mrs. Blanche Lobaugh, Miss Loy Starmer and Mrs. Helen Starmer. The closing program on Sunday opened with processional. After two songs and the pledge of allegiance, the pledge to the Christian flag and the Bible was given. After the offertory, there were brief remarks by the pastor. Then the departments and teachers were introduced and each group of pupils presented songs.

light, the candle, roof light, fireplace and the fat or grease lamps. At the end of the 18th century we had two important developments, one abroad, by a Swiss, who developed the central draft burner. Its use was limited in the U. S. "In America," Barach reported, "Benjamin Franklin had a development which was a form of stopper. Both of these used whale oil, which gave a brighter light than grease or candle. Later, about 1840-1860, we have another means of light, camphine, refined turpentine, which gave even better light than whale oil, yet was extremely dangerous. From 1860 to the present, we have still another means of light, kerosene. Electricity soon followed, but some kerosene is still used today." During his talk, Barach showed the different lamps pertaining to the different periods.

After the program, refreshments were served by the Soroptimist Club. Mrs. George Eberhart was chairman, assisted by Mrs. Frederic Grist, Mrs. Samuel Higinbotham, Mrs. Howard Hartzell, Mrs. George W. Boshner and Mrs. James Allison, president of the Auxiliary, pouring.

Hospital  
Questions

How much do members of Annie M. Warner Hospital's Board of Directors get paid for their services?

Nothing. Warner Hospital's Board of Directors receive no compensation whatever for their services—either in the form of salaries, or services or discounts on their own hospital bills. Their only "reward" is the satisfaction of knowing that he or she is helping to advance the health and welfare of the community.

If you have any questions you would like to ask about the hospital or the current surgical floor fund, just send them to P. O. Box 85, Gettysburg.

"Seven Year Itch"  
Opens On Monday

Another excellent William Putsch production. That's the best way to describe Monday night's opening of "The Seven Year Itch" at Totem Pole Playhouse which was played before a capacity crowd.

Mr. Putsch went all out on this one combining the outstanding settings of F. Anthony Benko, decor by Betty Knepper and a well-balanced cast of characters led by Dick Hoh. The highlight and most effective phase of Monday's performance was the lighting under the combined supervision of technical director Eugene Lee and stage managers William Falkner and Michael Foley.

The "play backs," through the effective use of the lighting, and the natural facial expressions of Hoh and Donald Sommers, as the zany Dr. Brubaker, were most colorful and amusing. Beauty and charm, in the form of Maryann Hull and petite Patricia Woods, added a certain atmosphere all its own.

"The Seven Year Itch" will run at Totem Pole all this week and is an amusing adult comedy worth seeing. Monday's performance was sponsored by the American Association of University Women with proceeds going towards a scholarship fund.

## Out Of The Past

From the Files of the

The Gettysburg Times  
FIFTY YEARS AGO

To Lay Corner Stone July 9:  
The cornerstone of the new St. James Lutheran church will be laid on Sunday morning, July 9, immediately following the close of the morning Sunday School session.

The Sunday School will march in a body from Brua Chapel to the new church site and will take part in the musical portion of the program. Efforts are being made to have present Dr. Joel Swartz, who was pastor of the time the cornerstone was laid in 1888. Dr. J. A. Clutz will also make one of the addresses at the service.

By the date for the cornerstone laying the rough boards will have been placed on the floor of the building and the platform will be reserved for those who were present at the cornerstone laying in 1888, of whom there are quite a number.

New Oxford: The New Oxford Juniors expected to play a game of baseball Saturday with the Gettysburg team managed by Benjamin Carter but the visitors failed to put in an appearance. Several new cases of typhoid fever have appeared in New Oxford. As yet no report has been received from the representative of the State Health board who conducted an investigation here some weeks ago.

To Facilitate Holiday Work: Postmaster C. William Beales has received instructions from Postmaster General Frank H. Hitchcock to the effect that "Please do not open until Christmas" may be placed on mail packages hereafter. The order is to lessen as much as possible the congestion of mail matter around the holiday season, when the clerks and carriers are taxed to their utmost capacity. The amendment to the postal regulations which will permit the words to be placed on the mail parcels is as follows: There may be placed on such mail matter of the third and fourth classes, or on the package, wrapper or envelope including the same, or on a tag or label attached thereto, either in writing or otherwise, the words "Please do not open until Christmas," or words to that effect.

House Burned: The house of George C. Oyler on the farm purchased from Jonas Starnes, near Arendtsville, burned to the ground Sunday afternoon together with a large part of the contents. Samuel Gladfelter is tenant on the farm. The fire is supposed to have been caused by a defective flue and had gained such headway when discovered that all efforts were at once put forth to save the furniture. Little of the goods on the second story was saved but a good part of the first floor furniture was taken to a place of safety. The building was a log house weatherboarded and the entire one end was in flames before the family and some visitors who were there knew that anything was wrong. The house was partly covered by insurance but Mr. Gladfelter's loss on the contents is total.

Bids For New Post Office: Nine bids were opened in the Treasury Department at Washington on Tuesday for the erection of the new federal building at Gettysburg. The bids ranged from \$97,000 to \$115,000. The contract will not be awarded for about ten days.

The new building has been secured through the exertions of Congressman D. F. Lefean, of this district, on the plea that the town of Gettysburg deserves some such practical monument to its prominence as the site of the greatest battlefield of the Civil War.

Niagara Falls, N. Y. (AP)—The city mission got a surprise when the police "paddy wagon" pulled up recently. In it were 40 bushels of food donated by the city police department.

## Today's Talk

**THE BEAUTY OF EARTH**  
When I get too disappointed in human beings, and my own failures mount too high for me to see light and truth, I always turn to the earth.

There is where I always find compensations which make up for all that I seem to have loved and lost.

We must all pick out our own pet philosophies. I find that the beauty of earth furnishes me with the finest material from which I am able to extract at least one sound philosophy of life.

I find, for instance, that a blade of new grass, a tree, a strange flower, a new composition of rock, a bird I have never seen before—each has a separate story of truth and loveliness out of which I may see new issues of life gushing.

I grow cold and indifferent to old laws that are dead to the conditions and events of today. I am bored with the person who will not move, who cannot see in life something that is unfolding all the time.

The beauty of earth is a panorama of the thought of God. But of course you can't get that thought if you stand still and refuse to believe when you see truth right under your eyes.

Most famous people are mere curiosities. The really great create no curiosity. We just bare our heads to them and then—when they are dead—rear monuments to their memory. But we don't tell them how great they are for fear we shall frighten them. They are like the beauty of earth, confusing to us until we are wrapped in its silent arms, attuned to all save the breath of memory.

When I have bought real estate, I have done so because I loved it, not because I hoped to make money out of it. I am thrilled by the thought of renting for a time something that has known the touch of the Creator's hand.

Tomorrow Mr. Adams will talk on the subject: "The One Person".

## Just Folks

**HE SMILED HIS WAY**  
When obstacles beset his path  
And grief became his share,  
He ne'er gave way to bitter wrath,  
To envy or despair,  
Though worry sought to strike him down,  
And endless seemed the day,  
He ne'er was known to wear a frown—  
He smiled his way.

He traveled o'er the roughest roads  
To reach the golden goal;  
He felt the sting of failure's goads  
That smarted in his soul,  
But steadfastly he journeyed on,  
Unmoved from day to day;  
And in the end a victory won—  
He smiled his way.

In after years, when angels near  
To beckon me away,  
Like him, I hope to show no fear  
No breathe a wish to stay,  
Like him, I would that I could go,  
Feeling that all would say:  
"He lived, beloved by friend and foe;  
He smiled his way."

## Lawrence Not In Senate Race

HONOLULU (AP)—Gov. David Lawrence of Pennsylvania says he will not try for the Democratic senatorial nomination next year.

Lawrence answered with a flat "no" when asked the question Monday at the annual conference of United States governors.

Lawrence's term as governor expires next year. Under Pennsylvania law he cannot seek re-election.

Lawrence did not immediately say what his future political plans might be.

The two Pennsylvania senators are Joseph Clark, Democrat, and Hugh Scott, Republican. Clark's term expires next year. The Pennsylvania State Democratic Party has not as yet endorsed Clark for re-election.

## SENATE OKAYS BENEFIT HIKE BY 90-0 VOTE

By JOE HALL  
WASHINGTON (AP)—President Kennedy's bill to increase Social Security benefits has won Senate passage following a promiscuous use by Democratic leaders to bring up later this summer a medical care program for the aged.

The measure, passed Monday 90 to 0, now goes to a House-Senate conference committee to iron out minor differences.

It would let men retire at age 62 under Social Security, boost the minimum monthly check from \$33 to \$40, raise widow's benefits by 10 per cent and add 160,000 persons to benefit rolls.

## NO FIGHT DEVELOP

An expected fight over medical care for the aged failed to develop. A Republican proposal was withdrawn after Democratic assurances the House would conduct hearings on the subject next month.

Sen. Jacob K. Javits, R-N.Y., chief sponsor of the GOP plan, served notice, however, that he would seek to force a vote on the issue before the 1961 session ends. He said it should not be made a political football in 1962, an election year.

Sen. Clinton P. Anderson, D-N.M., chief sponsor of the Social Security approach to health care in the Senate, said he, too, strongly hoped for action at this session.

The Social Security bill cleared by the Senate carries out most of Kennedy's recommendations and is quite similar to the House version.

PETERSBURG, In. (AP)—Burglars who broke into the office of the Pike County Lumber Co. didn't get any money, but they were afraid their work might go without notice. The disgruntled thieves left a sign which said: "You have been robbed."

PENN YAN, N. Y. (AP)—Police found a 1951 convertible parked on the frozen surface of Keuka Lake, and hauled it off shortly before the spring thaw started. Investigation disclosed that skid-drivers had placed it there so they could use it for practice explorations during the summer.

## POLICE HUNT CHILD KILLER

BUFFALO, N. Y. (AP)—Police pushed a round-the-clock search today for a slender, raincoat-clad brunette who they believe drowned a three-year-old boy by dropping him off bridge after binding his hands and feet with her stockings.

The body of blond, blue-eyed Andrew Ashley was found near the shore of an artificial lake in 300-acre Delare Park. The boy had apparently been dead since Friday afternoon, when he was reported missing.

More than 300 policemen and volunteers checked hundreds of North Side homes and police and Army guardsmen fanned through miles of wooded parkland in a two-day search for the youngster.

A neighbor said he last saw Andrew walking Friday with a tall, dark-haired woman. Police believe she was the same woman who left two other North Side youngsters bound and gagged next to railroad tracks recently. Both were found unharmed.

"We're dealing with a woman maniac," said Mayor Frank Sedita.

## SENIOR LOOP HAS LIBERAL PLAN TO STOCK 2 NEW TEAMS

By JOE MOOSHIL

Associated Press Sports Writer  
CHICAGO (AP)—The National League today adopted a "liberalized" plan with a sliding scale to provide major league talent for its newest members — the New York Mets and the Houston Colts.

Although the bulk of the plan is similar to that of the American League, the National League made available more players from which the newcomers can choose, including premium picks of \$125,000 per player.

New York and Houston will pay \$75,000 each for most of their players, but they also will have a choice of making \$50,000 purchases, and each club will wind up with four \$125,000 premium players.

**AL POLICY**  
The National League will make available 17 players from each established team, with each new club spending a minimum of \$1.7 million to a maximum of \$2.1 million.

Under the plan, each club will make available after the World Series 15 players from their roster as of Aug. 31, 1961. Seven of these must be from the active list and the other eight from each team's major league roster of 40.

The new clubs must take a total of 32 players at \$75,000 a player with the established teams each losing four. New York and Houston then will have a choice of one player from each club at a price of \$50,000.

**FAR MORE LIBERAL**  
Finally, each established club must then make available two premium players and from this list the newcomers must alternately select four \$125,000 players.

Each new team will end up with four premium players and each established team will lose only one. Under the entire plan, the newcomers will have to pick 20 players but can go as high as 28 by exercising the right of selecting eight \$50,000 players.

Warren Giles, president of the National League, said he believed the plan was far more liberal than that adopted by the American League.

"We discussed several plans," said Giles. "Both the new teams and the old teams were cooperative in the exchange of their views. The plan was unanimously adopted by all 10 clubs."

**GAME ON THURSDAY**  
Arendtsville and Harney have rescheduled their postponed South Penn Baseball League game for Thursday evening at 6:15 o'clock at Harney. The game was first postponed from May 7 and additional dates were cancelled due to rain.

## WINS \$39,412 ON \$2 TICKET

BOSTON (AP)—An unidentified person won \$39,412 on a \$2 bet at Suffolk Downs Monday but had to wait an agonizing five minutes before he could be sure of the loot.

The lucrative payoff, on a twin double, was made possible by Jeddah Chant, \$36 winner of the seventh race.

A foul claim was lodged against Jeddah Chant.

The stewards needed five minutes of consultation and a review of the movies before they disallowed the charge.

The payoff was described as an American record on a \$2 bet.

Previous high was \$35,758.80 on a \$2 twin double bet at this track last May 24.

## 7 AAU CHAMPS REFUSE TRIP THIS SUMMER

NEW YORK (AP)—The refusal of seven eligibles to make the trip for Olympic-style track and field meets against the Soviet Union, West Germany, England and Poland next month could cost the United States at least one victory in Moscow, AAU officials conceded today.

"It's disappointing not to be able to send our strongest team abroad," said Pinky Sober, chief of the track and field committee. "Actually, the team will not suffer much except in the hammer throw."

**WANTED REIMBURSEMENT**  
The first and second place finishers in the national championships last weekend all were offered spots in the team.

But Ron Morris, the pole vault winner; Dallas Long and Parry O'Brien, 1-2 in the shotput; Harold Connolly and Al Hall, 1-2 in the hammer throw, and Al Oerter and Rink Babka, 2-3 in the discus throw, all refused to make the trip.

Most of them complained that they couldn't take time off from their jobs unless they had some means of being reimbursed. Morris and O'Brien offered to go only to the Moscow meet. Connolly didn't like the way the last meet in Moscow was run.

The Soviet's Vasily Rudenkov won the Olympic hammer throw with a 220-1½ toss. Neither Tom Pagoni nor Bob Backus, the two hammer throwers who will make the trip, can match that.

"We were aware in advance that most of these fellows couldn't go," said Sober. "But on the other hand their absence opens the door for some of our promising youngsters to acquire the international experience that makes champions. All in all, it's a strong team."

Jumbo Jim Elliott of Villanova, the head coach, called it a "great group of youngsters. They should give us a fine start toward the 1964 Olympics."

## OWENS MAKES DARK ANGRY AT PITCHING

PHILADELPHIA (AP)—Remember Jim Owens, the Philadelphia right-hander who quit the club in spring training because he felt he didn't figure in the Phillies' plans this year.

Well, the San Francisco Giants would just as soon forget him.

And so would Manager Al Dark, who got so mad over Owens' 1-0 victory Monday night in his first start this year that he threw a stool at his locker in the Giants' dressing room and tore the tip off the little finger of his right hand.

Owens, who worked himself back into shape with the Phillies' Williamsport farm club of the Eastern League after changing his mind about quitting, shutout the Giants with four hits before he became tired after six innings. Dallas Green came on to preserve the victory, giving up four more hits.

**WASN'T SURPRISED**  
The 27-year-old Owens said he "ran out of gas . . . but I was throwing as good as I ever did in my life."

The controversial Owens said he wasn't surprised that he did so well. "I think I'm a pretty good pitcher," he said. "I made some bad pitches to (Harvey) Kuenn, but I thought I made some good ones to Willie Mays (whom he struck out twice)."

Manager Gene Mauch said that "noting Owens does on the mound surprises me. He pitched well but I told Green before the game to get ready because he's only going five or six innings."

What hurt the Giants was that they left 12 men stranded — and that's why Dark was mad enough to toss a stool.

## WIMBLEDON IS OPEN CONTEST

By JOHN GALE  
WIMBLEDON, England (AP)—The frustrating collapse of Wimbledon's opening day program under a chilling canopy of cloud and rain left the 75th tennis championships as wide open as ever today — and postponed for 24 hours the center court test of Chuck McKinley, America's No. 1 hope.

Six of the eight men's seeds won their opening assignments between showers. Neale Fraser of Australia, showed all his old power in disposing of America's Rudy Hernandez in straight sets. Hernandez, from Modesto, Calif., went down 6-3, 6-1, 6-1 with Fraser showing his peak form and no signs of trouble from his suspect left knee.

**TOP MATCH PLAY**  
McKinley, of St. Ann, Mo., and seeded No. 8, meets Italy's Sergei Tacchini today.

In the other top match, Rod (the Rocket) Laver outgunned the Soviet Union's Tomas Lesus 6-4, 6-1, 6-1.

The other four seeds to enter the second round without serious difficulty were Italy's Nicola Pietrangeli, Australian champion Roy Emerson, Spain's Manuel Santana and Chile's veteran campaigner Luis Ayala.

The deluge that washed out the opening session followed the hottest and steamiest two days Britain has had for more than a year. With weekend temperatures in the 80s, the 20,000 crowd which poured into the grounds spent most of the day huddled beneath the grandstands or crowding the restaurants and bars.

## Grove Will Try Again On Friday

WILLIAMS GROVE, Pa.—"On again, off again" modified stock car races are scheduled for 8:30 p.m. this Friday on the Williams Grove Speedway.

Last week's fifth scheduled card in the weekly series was washed out after a warmup period in which one of the heavy-footed chauffeurs escaped with a "shaking up" when his car flipped out over an embankment.

On the Fourth of July, the action on the speedway will be of a different brand with afternoon and evening performances of the Joie Chitwood Auto Thrill and Stunt Show.

Featured on the program along with the famous big car star will be Joie Jr., 17, and his brother, Timmy, 12, featured drivers with the all-new 1961 edition of the stunt show.

## 3 IN PLAYOFF TO DETERMINE 'OPEN' CHAMP

HERSHEY, Pa. (AP)—Al Bessellink, Don Stough and Henry Williams Jr. meet at the Hershey Country Club today in an 18-hole playoff to determine the winner of the Pennsylvania Open Golf Tournament.

The three ended in a tie for the 45th annual tournament's \$2,500 first prize Monday in 36 holes of golf on both Hershey's Country Club and Park courses, each carding one under par 143s.

Bessellink shot the best game of the day, and after the first 18 some surely must have thought he would finish on top.

**SHOT 4 BIRDS**  
The 37-year-old Philmont Country Club pro shot four birdies on the Park course in the morning round, his best shot a 15-foot putt on the 10th hole.

He finished the first 18 with a two under par 69 and the halfway lead. Bessellink shot 36 over the front nine and 33 coming back.

A light rain that continued until evening started with the afternoon rounds, and Bessellink's game dropped considerably. After missing the green on three holes, he had to birdie two to finish one over par at 74. Both nines in the round were even, 37-37.

Stough, 24, a York resident and Army private stationed at Ft. Meade, Md., showed fine form under pressure despite the bad weather. Getting off to a bad start on the Park course with a bogie for the first hole, he came back to birdie the 6th, 7th and 8th with a 16-footer and two six-foot putts.

He shot into a trap on the 15th hole and ended with 37-35—72, one under par.

In the afternoon round he played pretty steady golf to close with a par 71 by shooting nines of 34 and 37.

**Littlestown Little League**  
The Phillies-Orioles game scheduled for Monday evening was postponed because of rain. The teams now have two postponements to make up and it was announced one will be played next Saturday morning at 9:30 and the other Saturday afternoon at 3:30.

The Indians and Reds will play their regularly scheduled game Saturday at 1:30.

Tonight the Reds are scheduled to meet the Pirates.

## Await DOJ Word On Bribery Bill

WASHINGTON (AP)—Senate backers of bills designed to crack down on racketeers preying on collegiate and professional sports awaited today the Justice Department's reaction.

Sen. James O. Eastland, D-Miss., chairman of the Senate Judiciary Committee said Monday he hoped Congress will pass laws to deal with cases like the current college basketball scandals.

Sen. Kenneth B. Keating, R-N.Y., announced he is collaborating with the National Collegiate Athletic Association in drafting such a bill. He said it would make the bribing of college and possible other amateur athletes a federal crime. The current scandals involve alleged payoffs by gamblers to some of the nation's top college basketball stars to keep scoring in certain games within the range of the gamblers' pointspread.

**LOS ANGELES (AP)** — Whitey Ford, now only seven victories away from becoming a 20-game winner for the first time in his career, says people are always asking him why he's never made it before.

He had the answer ready after picking up victory No. 13 Monday night as the New York Yankees defeated the Los Angeles Angels 8-6 on an 11th-hour homerun by Bill Skowron.

## Bowling Tourney Ends At UA Lanes

A three weekend bowling tournament for men's, women's or mixed teams from the York, Adams and Franklin County areas concluded over the weekend at the Upper Adams Lanes with York County entries taking seven of the top 10 prizes offered.

Honors went to the following: Deardorff Barber Shop, York County, 3,087; Three Sons, York County, 3,069; Falcons, York County, 3,060; Fayetteville Market (all women), 3,033; Newcomer's Electric, Franklin County, 3,032; Clyde Fox Motors, York County, 3,025; Trail Service, York County, 2,999; Osterman's, York County, 2,985; Bob's Bowlerama, York County, 2,984; Texas Lunch, Gettysburg, 2,981.

**Sleighter Off Stride In Open**  
Dick Sleichter, Gettysburg County professional, one of three defending champions participating in the 45th annual Pennsylvania Open tournament at Hershey Monday, finished far off the pace with a 78-75-153.

Al Bessellink, Philadelphia; Henry Williams Jr., Fleetwood, and Don Stough, Ft. Meade, Md., were scheduled to tee off at 9:30 this morning to decide the title after they finished in a three-way deadlock Monday with 143s.

Dr. Donald Wickerham, local country club amateur, turned in an 84-85-169.

# FIRST LADY RAISES HOPE OF INDUSTRY WITH SUITS

By SAM DAWSON  
NEW YORK (AP) — Makers of women's suits approve wholeheartedly of the First Lady. She is one—if only one—of the reasons they see a revival this year in the popularity of the garments which had their last big vogue in 1952-54.

The President's wife frequently is photographed wearing a suit—and many women have noted it, sales personnel say. Men probably have noted it, too, and if they haven't given it a second thought they may when the first of the month bills come in this fall.

Garment makers are always a confident lot when it comes to sales predictions. But backing them up are a number of retailers who report suit buying is up by 5 to 20 per cent. And some fashion experts agree that suits will have a bigger share of ladies' wardrobes this fall and next spring.

**SAD REPORT**  
New York's garment district reports sadly that since 1954 a new generation has come along with a deplorably stunted interest in suits.

Was it because suits are long lasting and after the buying spurge in the early 50's closets seemed crowded with these basic garments? Was it the flight to the suburbs with emphasis on casual living? Was it the late 50's rush to spend for homes, autos and appliances that left little over for suits?

Well, the suit makers say, hopefully, that the end of the late, mild recession has coincided with the end of holding back on the buying of suits.

**PRIME PROSPECTS**  
More women now have the dis-

posable income needed for suit purchases. Also many families now have paid for their major appliances and can upgrade their clothing budgets.

There's a growing population of college girls, young matrons and career women, all classed by garment makers as prime prospects for suits. The industry is especially aiming at the younger girls who have jobs now and can afford suits.

The Chicago Cloak & Suit manufacturers group says it is bullish about suit prospects for the first time in several years. The Chicago Fashion Guild says optimism is fed by the upward trend of the economy as well as by good sales results with store buyers.

**SALES MOVE UP**  
The Federal Reserve report on department store sales shows suit sales in March ahead in all areas, with New York and Richmond districts having the biggest gains. Individual stores report sales gains tallied in Los Angeles, San Francisco, Milwaukee, Cleveland, Chicago, Chattanooga and New York.

A New York fashion authority gives credit to what she calls the young look, citing the closer body fit and longer jacket. She terms the range of colors and of fabric weights as the best in a decade.

**OTHER REASONS**  
Alvin Handmacher, president of Handmacher Vogel, agrees that an important boost to the business is being given by the variety available this year—velvet suits, cotton suits, knit suits, the soft look, the tailored look, the fur trimmed.

He also holds that many suburbanites are returning to big cities, where the casual look isn't the vogue. And the suburbs are getting citified, too.

David Zelinka of Zelinka Matlick thinks retail sales should rise 20 per cent this fall with the right retail promotion.

**BUT JACKIE HELPS**  
Archie Davidow of Davidow Suits Inc. says sales are running five per cent ahead of last year and the outlook is good.

# EICHMANN HAD PILATE ROLE IN SLAUGHTER

By THOMAS A. REEDY  
JERUSALEM (AP) — Adolf Eichmann Monday likened his role in the Nazi slaughter of the Jews to that of Pontius Pilate and said he was able to wash his hands of any feeling of guilt.

The former Gestapo colonel in charge of "Jewish affairs" reached back into Christian history to describe his thoughts of almost 20 years ago when the decision was reached to exterminate the Jews "as the final solution to the problem."

All three Israeli judges leaned forward in rapt attention as Eichmann probed into his own ego. His normal manner of speaking, sharp and carefully enunciated in drill sergeant style, shifted to one of soft and earnest pleading.

**KEY OF TESTIMONY**  
The key of Eichmann's testimony opening the 11th week of his trial lay in the Wannsee conference of top level Nazi bureaucrats outside Berlin January 20, 1942.

It was there that Gestapo chief Reinhard Heydrich said the final solution was death for 10 million European Jews. Eichmann said he was unaware of this when he prepared the machinery for the meeting at Heydrich's behest.

Hitler's civil servants from various departments accepted the extermination idea "with boundless enthusiasm," Eichmann testified.

**HEYDRICH PLEASED**  
Heydrich, who had expected some opposition, "exulted at the success" of the meeting which required only an hour or so, said Eichmann.

Defense counsel Robert Servatius asked Eichmann about his own reaction.

The defendant replied: "Here I felt a certain solace and appeasement, considering I had done my utmost despite my relatively low rank of lieutenant colonel and I had thought of a 'final solution' which was not repellent

or hideous but which was practical and feasible.

"I did my best to bring order into all the turmoil in deportations. My unflinching efforts could be seen in the Radom plan and later in the Madagascar plan (for shipping the Jews to the island of Madagascar). I could say to myself that in spite of my determination, I had to toe the line. What was done was not my doing. I had the feeling of Pontius Pilate. I felt I was not guilty. What was laid down was done by the elite, the popes of the regime."

**35 CARS DERAILED**  
THOMPSONTOWN, Pa. (AP)—A Pennsylvania railroad freight train derailed tied up rail traffic on three tracks for several hours Sunday.

No one was reported hurt when 35 cars of the 96-car freight jumped the tracks near this Juniata County community. The cars contained flour and lumber for the most part. The derailment

# BOYLE PLUGS MANHATTAN IN SUMMER TIME

By HAL BOYLE  
NEW YORK (AP) — You can't beat an island in the good old summertime.

And the best island — if you want to get away from it all, yet still have it handy — is Manhattan. It's a great place to get lost — or find yourself.

If you want to go abroad without leaving your native land, visit here. The world is at your fingertips. Manhattan is a global summary, a compact index of the earth's tongues and neighbor-

hoods. **SUMMER PARADISE**  
There are those who love Manhattan as winter haven. I prefer it as a summer paradise. As the humidity rises, the humanity recedes. The city's part-time lovers abandon it and flee to seashore and mountain. They really don't know what they are missing. Mayor Wagner's boys say, "New York is a summer festival." No politician ever thought up a truer sentence.

**THEATER TICKETS**  
Now is the best time to buy a ticket to the theater or find a seat in the subway. The cafe society raffraff have flown the town, but the best abides. The skyscrapers, the shops, the animals in the zoo, the museums, the quaint restaurants on the off-beat streets—these remain.

The difference is in the tempo. The hurried hammer of the city's pulse slows from a race to a stroll. Time is more of a friend and less an enemy. Leisure is no longer a stranger. The crowded

feeling hasn't an arm around your throat.

There is no hurry to enjoy. What's the rush? Who's to impress? Relax and find what you want. The city does not desert itself. Now is the time it opens its heart to its true lovers. A quiet joy is here to be had.

Many pay a high price to stretch their bones in the sun by 20th Street here are two slowly rotting piers where one can spread a quilt or loll in a deck chair and get a sunburn without cost.

The great libraries are cool cathedrals. You can get the book you want without standing in line. Nobody bumps you on the sidewalk here on Saturday and Sunday in the summer. You have an inside exhilaration, a feeling that the town isn't as large as usual and you are big enough to own it.

Life here in the good old summertime is—if you have the sense of romance to make it so—an air-conditioned picnic without ants, flurry or poison ivy.

Come now and be your own Robinson Crusoe. If you're lucky, you might even find a free parking place.

# Goodling Votes With Republicans

Congressman George A. Goodling, York-Adams-Cumberland representative, voted for the substitute Republican-backed measure for the administration's multi-billion dollar housing bill. The substitute measure was defeated 197-215. Goodling also voted against the omnibus housing bill which passed 235-178.

In Senate voting, the rejected Douglas (D-Ill.) amendment to cut \$100 million from conservation payments to farmers as provided in Agriculture Department appropriation bill, Sen. Clark, D., voted for the bill, Scott, R., against. Scott favored a resolution, adopted 52-38, disapproving Kennedy's plan for reorganization of the Securities Exchange Commission. Clark was against it.

## Riding with Russell

by FREDERICK C. RUSSELL

Accident statistics prove Seneca was right when he said a lesson that is never learned can never be too often taught.

How long is a new car new?

Those who are buying new models this year will do well to ask themselves this question. Only by having an inquiring mind on the subject will they be likely to discover that the car ceases to be new when they no longer treat it this way. Maybe it will just be the time the owner doesn't bother to have the car washed, or lets lubrication slide or doesn't bother to have the engine given a tune-up. This is the point of no return.

It may come on so gradually as almost to be unnoticed. Perhaps the owner doesn't bother to put the car in the garage for a few nights, or starts parking it where he knows others will bang up the doors. Sometimes it just starts with the owner no longer bothering to lift the hood to check the oil and water. From here on he isn't likely to have things fixed until they badly need it.

### SAFETY IS YARDSTICK

We can't always be within the letter of the law, especially when traveling to various parts of the country where different regulations are in effect, but there is one guide that not only will save you a lot of trouble but which also will usually save you arrest or a fine if you happen to violate the rule inadvertently. The yardstick is your effort to do what you believe to be the safe thing under the circumstances. That always is certain of a legal hearing because there are numerous instances on record where drivers have caused trouble by being sticklers for legal rights.

### THREE TO REMEMBER

When the brake pedal goes lower than usual the braking system should be carefully checked over, but it is pleasant to record that usually the situation can be corrected by taking up on the brake shoes to compensate for lining wear.

It does not occur to many drivers that speed in itself can be wearing on the clutch of a standard shift car. This is because of the suction effect which causes the clutch springs to be partially compressed. You can note this by the greater ease of pressing down the clutch pedal when the car is zooming along a highway.

After any collision with the car be sure to check the engine's mountings which are apt to be damaged by the shock.

**MECHANIC JOE SPEAKING:** "One of my customers is quite familiar with engine stalling that follows sudden braking, but he sure was puzzled when the engine quit while he was trying to accelerate. This happened when he gunned the engine suddenly, or tried to. I found it was a case of too lean mixture from a too low float level, but it could have been caused by other things such as partially clogged fuel jets in the carburetor or trouble with the acceleration pump. On an engine older than his I would look for air leaks around the intake manifold. Occasionally such trouble is a tip-off of a fuel pump."

**IN THE MOTOR MAIL**

Q. In spite of hot weather the engine of my car has become increasingly harder to start. Oddly enough re-starting it after it has been well warmed up is not a problem. L. G.

A. The coil probably needs replacing or the engine is over-choked.

Q. Why do regulators used with alternators not have a circuit breaker? W. L. G.

A. Current from the battery cannot flow back through the rectifiers of an alternator, and therefore cannot damage the latter.

Q. There is always a little loss of hydraulic fluid from the brakes of my car. Can't find any leakage, and the brakes work well. T. H.

A. The loss is due to the action of the power brake booster which is used on your car. Later model boosters do not do this.

Q. My car has developed the habit of backing up when it is in Neutral with the engine running. The transmission is automatic. P. B. D.

A. Better recheck the manual control of the transmission.

Q. Why do they use carbon core spark plug wires on so many cars? K. J. McB.

A. These prevent radio interference.

Q. Is it possible for a car

## THE DRIVER'S PARTY HEADS GIVE KENNEDY CRISIS PLEDGE

By JACK BELL

HONOLULU (AP) — Governors of both political parties pledged strong support Monday to President Kennedy in his dealing with the Soviets on Berlin and other crisis areas.

But Kennedy's domestic policies came in for sharp criticism from some Republicans and a Democrat who was one of his early supporters for the 1960 presidential nomination. Gov. John Patterson of Alabama.

Patterson kicked up some excitement on the outskirts of the 53rd annual Governors' Conference by blasting what he called the "childish" handling of the "Freedom Riders" bus controversy by the President's brother, Atty. Gen. Robert Kennedy.

Gov. Nelson A. Rockefeller of New York—who might be Kennedy's Republican opponent for the presidency in 1964—called for a moratorium on political criticism of the administration's international moves.

Rockefeller told a news conference Sunday that Kennedy obviously faces a great many problems "more complex than they looked from outside" the presidency. He said it was too early to make any judgments.

to change its wheelbase? R. E. M.

A. Any car with Hotchkiss drive changes its wheelbase slightly when starting off and often when stopping. This is due to its flexible suspension and the fact that the rear driving wheels start moving forward before the front ones get into action. In severe braking front or rear wheels may slow down their end of the car faster.

Q. The generator light on the instrument panel has started the habit of glowing when the car is stopped in traffic. I tried idling the engine faster but this doesn't help. Does the generator need an overhaul? T. J.

A. Possibly, but first check for a slipping generator belt.

Q. To settle an argument is a 4 to 1 rear axle ratio higher than a 3 to 1 ratio, or lower? P. N. S.

A. It is less confusing to regard this as a lower ratio. The propeller shaft has to rotate four times to one revolution of the rear wheels. To keep straight on this just keep in mind that High gear at the transmission is the one with the lowest figures. Low gear has the highest figures.

Q. There is loss of coolant when the car is being used, but I can find no leakage. Even with the engine running and the hood raised you can't see where coolant is coming from, yet after using the car the engine is quite wet. S. H.

A. I have had several such queries lately. You will find that there is a small leak in the upper hose to the radiator, or at its ends. Water doesn't spurt out until pressure builds up.

Mr. Russell will answer questions regarding the safe care and operation of your car. Just address him care of The Gettysburg Times and enclose stamped, self-addressed envelope for a personal reply. Please confine inquiries to one subject and limit letters to 100 words or less.

Headlight glare is a major hazard in night driving. When approaching another car at night, lower your gaze to the right-hand side of your lane to avoid receiving the full glare of the other vehicle's headlights. Use the land edge as a guide until you have safely passed the other vehicle.

Before backing up, always make sure that the path is clear behind your car. If you're coming out of a blind area, sound your horn gently.

Bicycle riding starts in earnest after the schools leave out for vacation. The U.S. Junior Chamber of Commerce warns motorists to be alert for young bike-riders, especially after dark.

## NUCLEAR WAR THREAT MIGHT DETER SOVIET IN SHOWDOWN

By JAMES MARLOW  
Associated Press News Analyst  
WASHINGTON (AP)—The aching problem of West Berlin can be stated now in two basic questions even though discussion about it will get deafening in the months ahead.

1. Will the West, particularly the United States, make concessions to Premier Khrushchev to avoid a showdown on his demands that West Berlin be turned into a so-called free city 110 miles inside Communist East Germany?

2. If the answer is no, what will the West do if the Russians then force a showdown by trying to shut the city off from the West through force or a strict blockade against supplies for the 2.5 million people in West Berlin?

### 1958 DEMANDS

The demands Khrushchev is making now on Berlin are similar to those he made in 1958. Then he gave the West six months for a settlement. Later he backed off and calmed down. Now once again he has set a six-month deadline.

This time there's no reason to think he doesn't mean it.

His purpose seems plain enough: to weaken the confidence of the neutrals in the West's determination to stand firm against a Communist push.

### WESTERN LINKS

At this moment the West has strong links with West Berlin. If those links are badly broken, it seems inevitable that eventually West Berlin, now a Western island in a Communist sea, will be completely lost.

At first—because the deadline is still months away—President Kennedy's administration probably will utter a firm no against any concessions that would look like a Western defeat although some concessions might seem possible.

As the months roll on—particularly as Democrats and Republicans have time to sound off—the Kennedy administration will learn more about the mood of the American people: whether they are willing to face war over Berlin.

### ALLIED OUTLOOK

This undoubtedly will have effects on administration thinking.

Meanwhile, the allies in Europe, who would be closer to the scene of war, will have time to see how sturdy their own willingness is to face ruin for Berlin.

But suppose the West stands firm, which might mean war? What kind of war would it be—a limited, groundlike kind of war without resort to nuclear missiles or weapons?

A limited ground war seems unlikely. Khrushchev started his first buildup toward a West Berlin crisis with demands he made on Thanksgiving Day in 1958.

### EISENHOWER POSITION

President Eisenhower, at every news conference he held for months afterward, was belted with questions about Berlin. On March 11, 1959, he laid out the American position on fighting for Berlin.

Pointing out that the 175 Russian divisions far outnumbered any forces the United States could send into Europe to defend Berlin, Eisenhower said, "We are certainly not going to fight a ground war in Europe. What good would it do to send a few more thousand or indeed even a few divisions of troops to Europe?"

Then, although deploring nuclear war as a self-defeating thing because of its enormous destruction, he added: "Therefore, we have got to stand right ready and say, 'We will do what is necessary to protect ourselves but we are never going to back up on our rights and our responsibilities.'"

### NUCLEAR WEAPONS

This was a clear implication the United States would use nuclear weapons if necessary to protect what it considers Western rights in Berlin.

At this moment, at least, this could be interpreted as also the position of the Kennedy administration. Last Friday Kennedy hastily assembled his top advisers for a White House conference and reviewed Soviet threats to Berlin.

Afterward Defense Secretary Robert McNamara, one of those at the meeting, was asked at a news conference about increasing American defense in Berlin where the United States, Britain and France have a token force of troops.

He said there are "no plans at this time to increase the garrison" or add to its weapons. "Our military department," he said, "is sufficiently strong to accomplish its purpose."

This sounded like Eisenhower at a similar period in the Berlin crisis two years ago.

DES MOINES, Iowa (AP)—Dr. Walter L. Bierring, 92, retired Iowa state health director and former president of the American Medical Association, died Saturday. A native of Davenport, Iowa, Dr. Bierring studied under Louis Pasteur, French professor who founded bacteriology.

## REPLACEMENT FOR BENNY IS "TIRED TRIVIA"

By CYNTHIA LOWRY  
AP TV-Radio Writer

NEW YORK (AP)—Johnny Wayne and Frank Shuster, using their own imaginative material, are a superior comedy team. But, unless they were satirizing TV, they would never have written for themselves the tired trivia that constituted the first episode of their new series.

"Holiday Lodge," which premiered on CBS Sunday night as Jack Benny's summer replacement, has the Canadian comics playing fun-loving social directors at a plush lake resort.

The plot was that old mistaken-identity device—a convention of morticians pretending to be florists. When they arrive at Holiday Lodge, acting exactly like TV's idea of the heads of a crime syndicate, our heroes believe it is a convention of gangsters.

Well, you can imagine the fun and puns in that situation. Anyway, the laugh track accompanying the picture was one long loud howl.

I'll bet some of the mail CBS gets from outraged funeral directors will be more entertaining than the first show.

### SUSSKIND PROJECT

After all of David Suskind's criticism of TV during his testimony the Federal Communications Commission hearing last week, it will be interesting to see how much business—if any—his independent packaging agency, Talent Associates, is able to line up for the three major networks next season.

Suskind has made a hobby of sounding off about the low state of TV programming over the years, but he has never had such a good forum before. He made the most of it.

Actually, Suskind has not had a particularly successful season this year. His "Family Classics" series, which started out as two-part shows on successive nights, dwindled down to one-hour shows.

"Way Out," the off-beat series launched recently, will not last the summer, and NBC is quietly stewing about his forthcoming "Great Ghost Story" summer series, due to start early next month, but still very much in the planning stage.

## DEATHS

By THE ASSOCIATED PRESS

MONTREAL (AP)—John Alexander Douglas McCurdy, 74, a pioneer in aviation whose interest in that field was sparked by a childhood meeting with Alexander Graham Bell, died Sunday. He was a former lieutenant governor of Nova Scotia. He was the first to pilot a flying boat from which he dropped oranges to prove bombing was practical. He flew a plane which sent and received the first wireless message.

AUSTIN, Tex. (AP)—Miriam A. Ferguson, 86, twice governor of Texas and one of the nation's first women governors, died Sunday of a heart attack. Called "Ma" by friends and foes, both she and her late husband, James E. (Farmer Jim) were longtime Democratic political powers in Texas.

PASADENA, Calif. (AP)—Keith Spalding, 83, millionaire rancher, philanthropist and heir to the Spalding Sporting Goods Co., died Sunday. Spalding came to California in 1906 from Chicago, his birthplace.

WASHINGTON (AP)—Nan Downing Hayden, 84, wife of Sen. Carl Hayden, D-Ariz., died Sunday. Mrs. Hayden, who was born in Wilmington, Calif., met the senator when they were students at Leland Stanford University. She had been an invalid 15 years.

SAN FRANCISCO (AP)—George Vanderbilt III, 47, millionaire sportsman, philanthropist and playboy, died Saturday. The son of the late Alfred Vanderbilt was found by a bellboy after an apparent leap from his 10th-floor hotel room. Vanderbilt, who served with distinction in the Navy during World War II, had come into \$20 million at 21 and another \$20 million at 35.

## WEEKEND TOLL IN ACCIDENTS MOUNTS TO 17

By THE ASSOCIATED PRESS

Traffic accidents in Pennsylvania over the weekend killed 14 persons.

A man drowned in an unsuccessful try to save a boy who fell into choppy waters and a fire claimed one life, pushing the overall toll to 17 from 6 p.m. Friday until midnight Sunday night.

Al Parris, 41, of Erie, drowned in the waters of Presque Isle Bay near Erie when he leaped into the water after Ronald Miller, 8, also of Erie, fell off a cruiser in the middle of the bay. Witnesses said both Parris and Miller disappeared in the water.

### CAR OVERTURNS

James Heckler, 16, of Cambridge Springs, and Kenwyn Kibbee, 15, of Saegertown, were killed when their motor scooter and an auto collided near Meadville.

Canonsburg—Mrs. Janet Sankner, 26, of Bradford, killed Saturday when her car hit a guard rail and a tree near here.

Canonsburg—Mrs. Jessie N. Gibson, 47, of Canonsburg, killed Saturday when her car and another collided in Peters Township.

Canonsburg—Arthur Galate, 40, of Canonsburg R. 1, killed Sunday when his car and a milk truck collided head-on near here.

Philadelphia—George Shaeffer, 32, of Levittown, Pa., killed Sunday when his car collided a curb and hit a pole.

### HITS GUARD RAIL

Canonsburg—Mrs. Janet Sankner, 26, of Bradford, killed Saturday when her car hit a guard rail and a tree near here.

Canonsburg—Mrs. Jessie N. Gibson, 47, of Canonsburg, killed Saturday when her car and another collided in Peters Township.

Canonsburg—Arthur Galate, 40, of Canonsburg R. 1, killed Sunday when his car and a milk truck collided head-on near here.

Philadelphia—George Shaeffer, 32, of Levittown, Pa., killed Sunday when his car collided a curb and hit a pole.

### PHILADELPHIA AREA

Philadelphia—Joseph Skalsky,

liver Jr., 24, of Newtown Square, was killed Sunday when his auto overturned on Route 100, two miles north of Chaddis Ford in Chester County.

Pine Grove—Harry Morgan, 17, killed Saturday when his car hit a pole in this Schuylkill County community.

New Kensington—Dr. Ing Liat Sie, 28, a surgeon at Mercy Hospital in Pittsburgh, killed when his auto crossed over the medial strip of the Pennsylvania Turnpike near here and collided with an oncoming auto.

Irwin—Sylvester E. Biernesser, 68, of Irwin died Sunday from injuries suffered in a two-car collision on rain-slicked Route 30 near here. Four persons in the other car were injured.

Pittsburgh—A two-car collision at the Carnegie Interchange of the Parkway West killed Mrs. Howard Dye of Coraopolis Sunday. Two others were hospitalized.

The Cincinnati Reds stole 23 bases in their first 28 attempts this spring.

## POLICE KILL MAN WHO HAD THEIR RIFLE

OIL CITY, Pa. (AP)—A bullet in the neck ended the wild spree Sunday of a former mental patient who, screaming and yelling, shot at two state troopers with their own rifle.

Cleon J. Goodman, 33, a packer at an Oil City glass firm, stole the rifle from the troopers' car after they had been called to the rural home of a 58-year-old widow whom Goodman had attempted to strangle, police said.

Lt. Frank McKetta, executive officer of State Police Troop E-1, said Goodman's spree started when he broke into the home of Mrs. Alma H. Weikal of nearby Pleasantville R. 2 early Sunday morning.

### AROUSING BY SCREAMS

Goodman started breaking milk bottles and throwing strawberries in the kitchen, the officer said.

"Mrs. Weikal got up to investigate," McKetta said. "As she was walking down the stairs, Goodman leaped from the darkness and started choking her."

Aroused by her mother's screams, 20-year-old Caroline phoned state police. Goodman, apparently frightened by the screams, became scared and fled, police said.

Troopers Ronald J. Swartwood and Herbert J. Paraska arrived at the Weikal home and started searching for Goodman.

### SMASHED RADIO

"While they searched the area," McKetta explained, "Goodman crept behind them, climbed into the car, smashed the radio and took the rifle from the back seat."

That's when Goodman started yelling and screaming. Scrambling into a ditch along the road, he opened fire on the troopers who were returning to the car.

They took cover and fired back, each using three bullets. One of

## Say Republicans Create Scandals

SHARON, Pa. (AP)—Creating scandals is the method the Republican Party is using in an attempt to weaken Democratic strength in big cities, says Mayor Richardson Dilworth of Philadelphia.

Following the third annual dinner of the Mercer County Young Democrats Saturday night, Dilworth told newsmen city hall scandals, such as the current one in Philadelphia, stem only from politics. He said GOP newspapers and leaders are using every means possible to create scandals.

The Republicans are unhappy, Dilworth said, because last year's presidential election was won in the big cities.

## Fairfield

MRS. KENNETH SANDERS  
Phone 57-R

FAIRFIELD — The Fairfield 4-H Club met Friday morning in the Lutheran Parish Hall with their leaders, Mrs. Edward Snyder and Mrs. Earl Schmidt.

The sewing class admitted two members, Patty Sanders and Linda Weikert. They were shown how to sew three kinds of buttons on a piece of material. The other girls were instructed by Mrs. Snyder on how to make a gathered skirt and the use of a sewing machine by Mrs. Helen Tunison, after which she gave the baking group hints in baking custard which they served.

The next meeting will be in the Lutheran Parish Hall June 30 at 9:30 in the morning.

the bullets caught Goodman in the neck, killing him instantly.

Police said Goodman, the father of three, was treated at Warren State Hospital twice since 1951 for mental disturbances. They quoted his wife as saying he had been acting strangely the last two weeks.

For the past few days, he had been staying with his mother who lived near the Weikal home.

## BEVERLY IS WED SATURDAY

LAS VEGAS, Nev. (AP)—"Married life is crazy," says Beverly Aadland.

The 18-year-old protege of the late Errol Flynn was wed Saturday to Maurice de Leon, 22, a Los Angeles draftsman.

She said Sunday it was impossible to compare the actor and her husband.

"You can't compare a person in the present with a person gone in the past," she declared. "I love Maurice for Maurice and I loved Errol for Errol."

De Leon, who earns \$575 a month as a draftsman and industrial designer for the Los Angeles Board of Education, said he met Miss Aadland two years ago. She was traveling with Flynn at the time, and they began dating after the actor's death in the fall of 1959.

HUNTSVILLE, Ala. (AP)—The United States will openly take a step in space next Saturday where the Soviet Union practices secrecy.

One of the nation's top security areas—the Marshall Space Flight Center—will be opened to anyone who wants to take a look.

WASHINGTON (AP) — Sen.

Mr. and Mrs. Charles Taylor and children, Pamela, Randy, Kevin and Melissa, of McGinley Drive and Mrs. Agnes Taylor of Harrisburg have returned from a week at Rehoboth Beach, Del.

Friday evening, the members of the Daily Vacation Bible School were visited by the Rev. and Mrs. Haggler, of Carlisle, who showed slides and enlightened the school about the life and the needs of migrants who come to the state each year to help in the harvest. Rev. Haggler serves the county as a chaplain to these people. The school's monetary gifts will be given to promote this work.

The flowers on the altar of Zion Lutheran Church Sunday morning were placed by Mr. and Mrs. Carl Filsinger Sr. in memory of Mrs. Filsinger's parents, Mr. and Mrs. Edward Sherer.

John Snively receives his mail, AFB 13729568, Flight 834, Box 1524, Lackland AFB, Texas.

## more people are choosing Gas air conditioning for their homes

When you discover economical, whole-home, Gas air conditioning, you'll want it! Every room in your home is cool regardless of simmering summer temperatures. You sleep comfortably . . . cook and bake in relaxed coolness . . . have fresh, cool air throughout the house for comfort and health. Comes winter and your Gas cooling system readily gives you carefree heating with a flick of the finger . . . filtered, fresh-air Gas heating that keeps the whole house snug and clean.

The installation costs of a central Gas heating-cooling system in a new home can be financed with the mortgage for a very modest increase in payments. Or if you're planning to remodel your home, consider having a Gas add-on air conditioning unit installed in your present Gas forced air heating system. You can probably use the existing heating ductwork for cooling to get added installation economies. In either case, Gas air conditioning costs less than you might think.

If you are planning to buy or build a new home, or to remodel your present home, find out about Gas air conditioning. You'll want it! Call your Gas Company for a free air conditioning survey and estimate.
